Times of the tide are taken from the United States Coast and Geodetic Survey tables.

The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 . m., which is the same as Greenwich, 0 ours 0 minutes. Sun and moon are for local time for the whole group.

Shipping Notes.

The steamer W. G. Hall brought 5,200 bags of sugar from Kauai yesterday for the C. D. Bryant. The weather has been very rough on Kauai. The steamer Kauai was unable to load sugar at Anahola.

The Warspite is to be coaled by the Inter-Island Company. The old Kaimilea and the schooner Fanny Adele will be used for the purpose. The contract for the dredging of the channel of Pearl Harbor has been let to Clark & Henry, of San Francisco, for \$36,000. This figure is \$4,000 less than the appropriation. The channel will be 30 feet deep and 200 feet wide. Work is to begin within 120 days.

There was a lively scrimmage aboard the United States tug Iroquois yesterday merning. It was caused by one of the firemen, who had offended and who refused to allow the irons to be put on him. He was finally overpowered and lodged in the brig in double

The Mariposa and Ventura, leaving here on March 27 and April 2, respectively, will have no passenger accommodations. The Zealandia will relieve the congestion caused by the advent of the Shriners, who had previously engaged all available space on the Ven-

To Be the Transport Samoa.

At an expense of about \$200,000 the large freight steamer Samoa, recently purchased by the government, will be converted into a passenger transport of the regular line plying between San Francisco and the Philippines. The steamer is now en route from Hongkong, and will be due at San Francisco in about ten days. With the exception of the big Algoa, which is scarcely superior in size, the Samoa is the largest steamer now in the Pacific, and is comparatively new, having been built at Sunderland, England, in 1892, by William Duxford & Sons. She is register-San Francisco harbor last September, when she took on 853 horses for the German army in China and, after arriving on the Asiatic coast, was purchased by the United States government. Previously the Samoa had been engaged in the East India trade. The vessel at present has no passenger ac-commodations, but on one occasion carried 3,000 Mohammedan pligrims Outfit free. S. C. Miller & Co., Portcommodations, but on one occasion carried 3,000 Mohammedan pligrims from Jeddah to Java. The length of the Samoa is 465 feet, with a beam of 521/2 feet, and a depth of 36 feet, with LICENSED mates and second-mates a consumption of forty tons of coal a day, she steams ten knots an hour when heavily laden. Seven water-tight bulkheads separate the steamer into eight different compartments. She has BOY WANTED - Bright, intelligent a double bottom, carries water ballast of 2,200 tons, and has a coal bunker capacity of 1,800 tons. Having eight hatches on deck, the Samoa is able to handle a great amount of freight quickly. The steamer is of steel, with steel decks, and at present is manned by a crew of Lascars. Puget Sound Inspectors.

Captain E. R. Whitney, who has been in command of the steamer Elihu Thompson, and R. A. Turner have been appointed inspectors of hulls and boilers for the Puget Sound district, to act as assistants to Captain W. J. Bryant and C. C. Cherry, the regutar inspect-ors at Puget Sound. The appointments OFFICES in the new modern BOSTON were made on account of the large amount of work made necessary by the increased Alaska fleet.
